Expectations for student conduct

The ideals of good sportsmanship, ethical behavior, and integrity permeate our culture. The values of good citizenship and high behavioral standards apply equally to **all** school activities. In perception and practice, good sportsmanship shall be defined as those qualities of behavior which are characterized by generosity and genuine concern for others. Good sportsmanship is viewed by the Madison School District as a concrete measure of the understanding and commitment to fair play, ethical behavior, and integrity.

Students are reminded that if they choose to attend sporting events, those activities are viewed as an extension of the school day. Just as consequences exist for misconduct during the school day, consequences exist for misconduct at sporting events. Students are expected to represent their school and community in a positive and respectful manner.
